May 14th 2020

TO WHOM MAY CONCERN,

My name is Dr. Naz Wahab M.D, Board Certified Family Practitioner and a fellow of the American Professional Wound Care Association. I have been practicing Wound Care for greater than 10 years and serve as the Medical Director for several medical centers and Hospitals in the United States.

Over the past 4 months, I have treated 13 patients using ActiGraft with outstanding results, and have presented a few of my own ActiGraft case studies at a national wound conference.

I would like to recommend the use of ActiGraft to treat chronic ulcers, diabetic foot ulcers and pressure ulcers. ActiGraft promotes the healing of chronic ulcers and is an effective tool for resolving that are difficult to heal ulcers.

Sincerely,

A handwritten signature in black ink, appearing to read 'Naz Wahab', with a long horizontal flourish extending to the right.

Naz Wahab MD
